

# Michigan's Aquatic Invasive Plant Watch List

Aquatic invasive species on the watch list have been identified as being an immediate and significant threat to Michigan's natural resources. These species either have never been confirmed in the wild in Michigan or have a limited known distribution. Early detection and timely reporting are crucial for preventing establishment and limiting impacts. For more information on these plants, visit: [www.misin.msu.edu](http://www.misin.msu.edu)

**Be on the lookout for these invasive species!**

These species are currently allowable for sale and possession. Please contact the DNR if these plants are observed outside of cultivation.

**If you have seen any of these aquatic invaders, note their location and contact:**

Michigan DNR Wildlife Division
